The Boogie Busters - Beer Bottle Boogie

Beer Bottle Boogie

The Boogie Busters

ten years on the road,
the Blues is still with us,
we're still burning the Boogie,
lightning any house.
(ten years on the road)

Don't bring us no water,
don't bring us no wine,
just one beer - (n) everything's fine!
We're doin' the Beer Bottle Boogie
(beer bottle boogie)

I found faith in the pouring rain,
I found faith in a sweet refrain.
I found faith where I found no courage,
I found myself where I found no faith.
(I found faith)

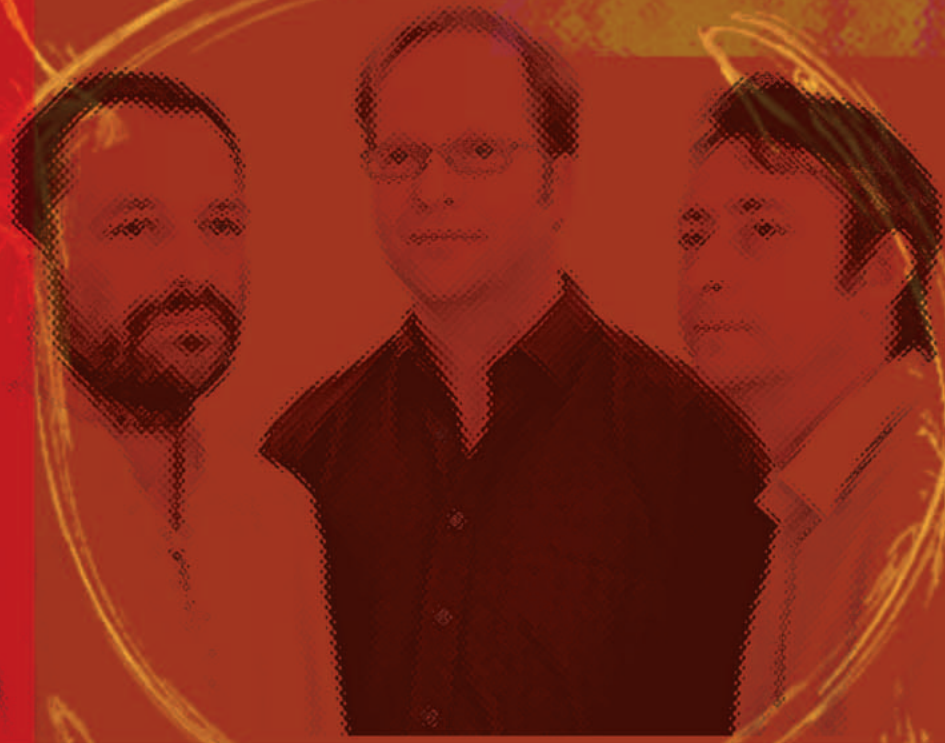

Come on let's Boogie, Boogie all night long.
I wanna do the Boogie, 'till the break of dawn.
(let's boogie)

Well we were having so much fun,
didn't know it was half past one.
I turned around to have one more,
I looked at the clock and it was half past four.
I said: Hey bartender
Hey man look a here
I call one, two, three, full glasses of beer.

Hello everybody, welcome to our show,
just Blues and Boogie Woogie,
we let the good times roll.

Hey, hey people, we say goodbye now,
if you liked our music, please visit our next show.
(welcome and goodbye)
